David Ball Retiring After Fifteen Years

WaterPro wishes to thank David Ball for 15 years of service to the company and its customers. You may have seen him over the years, out and about doing meter reads, changing out meters, fixing leaks, or attending to other water-related issues. David retires as an expert meter tech. He has been very involved in upgrading culinary meters to include smart technology and understanding how that technology benefits our customers.

David loves to cook. WaterPro employees will miss his sweet potato pies at Thanksgiving, his BBQ beans, and the fresh lemons he freely shared from a relative's tree. David looks forward to spending more time with family, traveling, weight lifting, enjoying time with his dog BB, and managing family-owned rental properties.
